

# RevealIQ

Getting started is easy! The **Velocity Implementation Program** offers a clear, defined 4-step process supporting a smooth, thoughtful & speedy implementation. We take the work off your shoulders.

(1)

**Kick-Off Meeting**

**Your Priorities Define the Approach**

(2)

**Onsite Implementation**

**Equipment Tagging & Data Entry**

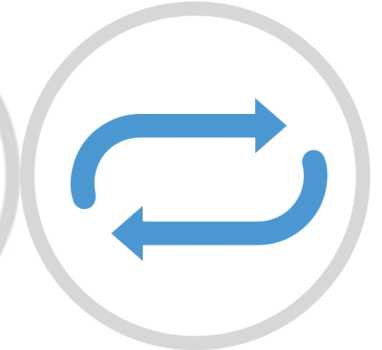

(3)

**Online Training**

**Virtual, Workflow Centric Training**

(4)

**On-Going Checkpoints**

**Ensuring Value is Delivered**

## **Project Management** (Technology)

- ✓ Your business priorities define the implementation focus
- ✓ Planned to fit your schedule
- ✓ Hands on implementation by an expert ensures completion in less than 1 day
- ✓ Project implementation checklist ensures efficient deployment & quick return on investment

## **Change Management** (People)

- ✓ We use a framework to model a plan for each individual & your team
- ✓ Training is tied to the individual's workflow requirements
- ✓ We ensure each person has the knowledge, tools & support to succeed
- ✓ We offer management best practices to ensure team adoption is on-going
